Menlo Re-organizes Committee To Aid Jobless In Winter

Efforts to provide work for all residents of this city who may need it this winter and to assure emergency aid when the necessity arises will be caried on by a series of committees appointed at a meeting last Friday night at the re-organization of the Menlo Park Committee for Unemployment, which was held in teh city hall, and was attended by a large and representative assemblage of local residents who are interested in the work of the committee. Much new material was also drawn into the committee organization.

Robert Koshland, chairman of the county relief organization addressed the meeting and a policy of work relief was adopted and committees were appointed for the registration and investigation of the unemployed, finances, work relief, home relief, publicity, legal advice, and for the care of transients.

Mr. Koshland explained the work relief plan as worked out for the county organization, of which the Menlo Park committee is a part. He laid great stress on the importance of the complete registration of all who have been thrown out of employment by the present conditions so that the extent of the problem may be known so that the necessary steps may be taken to relieve it.

A new register will be established and all who may need work, whether they have previously registered or not are requested to give in their names and needs so that the committee may have up to date information.

The committees, following their organization, will meet jointly each Friday evening to report, co-ordinate their activities, and plan for the future as various necessities may arise.

Everyone who may be able to assist in any way is asked to get in touch with the proper committee, and any information as to needs and their urgency is solicited.

Firemen Kept Busy With Grass Fires Saturday, Sunday

From the sound of fire sirens last Saturday any one would have concieved the idea that Menlo Park had joined the ranks of the big Metropolitan cities.

During the course of the day last Saturday the fire department was called out five different time to take care of grass fires. Likewise on Sunday two more grass fires demanded the attention of the fire boys.

According to Fire Crief Thomas Cuff the fires were caused by the starting of fires without first obtaining a permit to burn from the fire department, with but two exceptions.

It is against the State Law to start a fire without first having secured a fire permit from the local department and Chief Cuff states that the law from now on will be rigidly enforced. This means that any one starting a fire without first interviewing the Fire Chief and getting the necessary permit will be arrested, and have a chance to spend some money, by the way of a fine, or spend some time "on the inside looking out" while thinking it over. It is better to obey the law! Think it over!

At 11:20 this morning an automobile of the Chevrolet tribe an an early vitage caught fire from a short circuit on the battery and was promptly extinguished by the fire chief and members of the department.

The machine belonged to H. D. Dye and was left parked at the depot while its owner, probably a commuter was in the city. No damage was done to the car.

Two Men Injured As Car Turns Over At Intersection Here

What might have proved to be a fatal accident occurred yesterday at the intersection of College avenue and El Camoni Real, about 4:30 in the afternoon, when an old Dodge sedan turned over.

Emile Marqes of Mountain View was driving the Dodge car and attempted to turn the corner onto College avenue and at the same time avoid hitting an Essex that was attempting to make the same turn.

Marqes stated to Deputy Sheriff L. E. Harris, who was called to investigate the accident, that he was travelling about 22 miles an hour when he started to make the turn, but that he had stepped on the gas in order to miss another car which was travelling at a high rate of speed, with the result that his car skidden and turned over.

A rush call was sent in to the city hal stating that there was a quantity of liquor in the car, and there being no officer available City Judge Montell phoned Deputy Sheriff Harris and requested that he take charge of the affair. When the officer arrived he at once took the occupants of the Dodge to the Palo Alto Hospital, where it was found that Marqes had sustained a cut on his fingers and Manuel Rebollo, who was riding with him had sustained a bad cut on the right leg, a cut on his chin, another over his eye and a long gash on the top of his head. He was detained at the hispital over night and probably was sent to the County Hospital at San Jose this morning.

When Harris asked the doctor at the hospital if the men had been drinking he stated that they had not, but that from the odor they must have dathed in vinegar.

The cause of the liquor report was the fact that Marqes car contained a glass jus which had been broken, and which had contained the vinegar.

Rebollo is a laborer who has lived in Mountain View for some 8 or 9 years and had a large family.

The car was a total wreck according to the Fannuci & Sons Garage employees where it was taken.

Mrs. Nails is a lady of pleasing culture and is said to have a wonderful voice. She is filling several engagements in this region, making her home temporarily in Palo Alto.

Mrs. Nails will furnish for this Sunday evening service a program of negro spirituals, among them being such favorites as "Deep River," "Go Down Moses," "Nobody Knows the Trouble I See," and I've Done My Work.". It is expected that this will be a most interesting service and the public is cordially invited to attend.

Council Finds Treasury Lacks Funds To Meet Bond Payment

At a meeting of the city council held last Tuesday night the starting fact that there is not enough money remaining to retire two $1000 bonds in one care and to pay the interest on thre $13.90 coupons in the other case. Such was the report of J. Wm. Ryan, city treasurer.

City Attorney George K. Whitworth was ordered to notify the holders of the bonds that they would be held over until sufficient money to pay them had been collected, but of course they would continue to bear interest at the legal rate.

The only alternative was for the council to transfer money from the general fund to the improvement district fund, but the members were of the opinion that this would set a poor precedent.

The two bonds held up are on the Improvement District No. 31—3, which is the Stanford Park paving job. There is only $404.55 left in that fund according to Mr. Ryan, after he had paid out $2566.30 for interest and $5332.49 for retiring of bonds since July 1.

In Improvement District No. 30-2 which is the Hoover street job, 3 interest coupons of $13.09 were due on July 2 and there was only a balance of $1.72 in the district's fund.

The bonds ahe direct liens on property in the improvement districts, and both interest and principal are paid out of direct levies on those properties which were not cleared up by the payment in cash for the paving assessment when the job was finished.

Bert J. Mehl, city engineer, who designed on July 28, was reappointed as city engineer and to the position of superintendent of streets and building inspector to serve until the completion as the assessment proceedings on the opening of Live Oak avenue to University Drive. Lloyd C. Macabee who was appointed to fill Mehl's place resigned to allow for this action.

"No parking" signs were ordered placed on Merrill avenue between the Fire House and the post office. This action was in response to a request from Fire Commissioner J. B. Howell and is to allow the fire apparatus free reign to get out to fires.

Harvey F. Huesties was appointed city poundmaster and two hundred dog license tags were ordered purchased.

The council found that in accordance with the ordinance regulating licenses that it could not do away with the fee of $50 asked for by Menlo Post, American Legion, although the Legion's communication stated that it would give 50 per cent of its profits to the Unemployment committee.

Parking line on the streets were ordered painted at a cost not to exceed $10 was ordered and the work has been done.

The presence of high weeds and oil barrels on property adjoining his was protested to by John O'Keefe of Live Oak avenue as a fire menace.

METAL DEER TAGS WILL BE USED THIS YEAR IN ADDITION TO CARD

California deer hunters are going to have a chance this year of trying out the new method of tagging deer killed, and determine if the metal seals accompanying the cardboard tags are as successful as they have been in other states.

The opening of the deer season August 1, will furnish a practical test of the advantages of the new seals which have been designed to be fastened to tne horns of each buck killed.

In other states these seals have reduced intentional violations of the game laws, and eliminated the annoyance resulting from paper tags being torn from the horns, and the California Fish and Game Commission believe it will do the same in this state.

Thorough instructions to hunters as to the application of these metal seals accompany each one issued, and hunters will save themselves time and money by not experimenting to see if they work. They do work, and when once snapped cannot be loosened again, necessitating the purchase of new seals.

Miss Ann Bosworthy Atkinson and Cecil Edney were united in marriage last Tuesday at Trinity Episcopal Church in this city. In the presence of relatives and a few friends, the Rev. Ralph J. Smith, rector of the church, read the service.

The bride was given in marriage by her mother, Mrs. Helen Engle Atkinson of San Francisco. Her gown was a period model with black skirt and eggshell bodice, worn with a black hat and other accessories. Her corsage was of gardenias. The two attendants were Mrs. Robert Morrow (Mary Elizabeth Swinnerton), the bride's cousin, and Miss Bernice Walters. The former was in a black dinner dress and the latter in yellow chiffon. Both wore corsages of gardenias. Mrs. Atkinson, the bride's mother, was in a brown dinner ensemble.

Robert Morrow and Gilbert Edney, the brodegroom's brother, were also in the wedding party.

Interest in the proposed Rod and Gun Club is beginning to make itself felt. A number of inquiries have come to the Recorder office, and it is hoped that the club will get under way soon.

Mr. and Mrs. F. S. Becker are entertaining Mr. and Mrs. J. Frank Stewart of Mosco, Idaho this week. Mrs. Stewart is Mrs. Becker's sister.

He Teaches Children in a Great Big Way

That the dial telephone is simple to use is shown by the fact that over one third of the telephones in the Bell System are dial operated. One of the best ways to teach people how to dial is to instruct children, who will carry the information to their elders. In this picture, E. A. Cahill is demonstrating to a class of Philadelphia school children the proper way to dial, using a loud speaker and a giant working model of a telephone dial.

Mrs. John Williams of this city is recovering for mthe effects of a very serious operation.

Mr. and Mrs. H. F. Vanhonsebrouck and son, have returned to their home in this city after a vacation of two weeks.

OPEN LONG TELPHONE LINE BETWEEN COLOMBIAN CITIES

A 600 mile telephone line was opened recently in Colombia, S. A., connecting Buenaventura, the west coast port of entry, and other west coast cities, with Bogota, the nation's capital. The line cost $1,500,000 and is the first and only means of direct communication between the west coast coffee section of the country and the capital. The building of this line will further the country's development, as the impenetrable range of mountains which divides Colombia have made it impossible, except at excessive cost, to build a highway or railway connecting the two sections.

TELEPHONE NUMBER ON COLLAR INSURES DOG'S RETURN

G. H. Echols, owner of the Wishbone Inn at Davenport, Ia., has a valuable police dog that sometimes wanders from home. Mr. Echols now has his telephone number stamped on the dog's collar, and this has been the means of having the dog returned to him six times in recent months.

The Jamboree plans by Menlo Park Post, American Legion, are rapidly being completed and the big event scheduled for the 24th of this month will be a howling success no doubt. The games and contests will furnish no end of fun and those who wish to dance will find music on hand that will make their feet go without effort on the part of their owners. Be sure and go!

According to the county assessor the value of Menlo Park property is $871,895, while that of Atherton is $2,583,400.

SPORT SKETCHES

By THERON FOX

All set, folks, for the big three ring circus that will unfold its wonders to the public gaze at Stanford in the Olympic tryouts. The big tent will open its doors to the multitudes this afternoon and tomorrow, persenting to the track and field public the greatest of athletic flesh in captivity (we hope.)

For a time it looked as if Ben Eastman would be spared the energy of competing in the 800-meter run, but last reports from the A. A. U. headquarters seem to indicate that the big blonde will have to show his stuff to land his berth on the team in that position.

It may have been just another plot on the part of the management to try and fix things up for Ben so that he could concentrate upon the 400-meter run, in an effort to regain his laurels from the pint size star, William Carr, from Pennsylvania. Carr took the measure of the Stanford ace in the I. C. A. A. A. A. and western fans are almost one in hoping that the Cardinal gets his revenge.

Aside from the few personalities that loom from the bay section, including the California sprint star, Bob Kiesel, who has "chosen to run", the meet will collect the cream of the nation in one final test for the coveted positions on the Olympic squad. Admission prices have been cut to the last niche, hoping to attract the even luke-warm fan to within the gates.

While the test is yet to come for the track and field stars, one California aggregation has already gone over in a big way. The California crew won from the Penn stars last week by a scant margin of about two feet in the record time of 6:06 minutes. It was the final crew tryout and the Bears will now represent the United States. California may be on the way to another world title, duplicating the feat of the 1928 crew.

Adam Walsh, former University of Santa Clara grid mentor, has been selected as one of the coaches for the Harvard-Yale-Princeton eleven that will play an exhibition in the Olympic program at Los Angeles.

Included among the sport scribes at Stanford, will be two from Berlin who have trekked their way from Germany to take in the Olympic games.

A program of auto races will be sponsored on the San Jose Speedway next Sunday. The arrangements are being handled by the American Legion who will receive the receipts of the meet.

Bill Dickey of the Yankees was fined $1000 and set down for a month for his part in fighting with Carl Reynolds of Washington. in the fray. According to reports, it was an attack on the part of Dickey that was entirely unwarranted

Instead of bothering with trick guarantees, phony inducements and special deals, smart car owners ask themselves:

Why buy any SECOND-CHOICE Tire when FIRST-CHOICE costs no more?

Right now you car-owners are "sitting pretty" . . . You can buy *more* safe, comfortable, trouble-free mileage for a dollar than in any previous summer . . . You don't have to put up with *second-choice* tires for reasons of economy, because *first-choice* tires cost *you* no more! . . . Goodyear Tires—the kind we sell—are *first-choice* here, throughout the state, throughout the nation, by more than 2 to 1! . . . They outsell all others not because of any *trick guarantees*, or *phony inducements*, or *special deals*, but simply because they give people the biggest money's worth, *and people know it!* . . . Don't be argued out of the benefits to be had from *the leading tires* and our service.

Keep Beautiful Hands

PEELING, seeding and washing fruits and vegetables in the kitchen, and skinning, boning and cleaning chicken and fish make cut fingers, broken nails and stains on the hands. Beets, for instance, make stains that it is difficult to remove.

How often have you looked at that beautiful manicure on which you spent at least an hour, or upwards of a dollar buying it downtown, and wailed to your husband: "Just look at my new manicure now!"

Here's the Cure

You can have most of this work done outside your kitchen in the spotless canneries which send you food all ready to use or combine in dishes, and save your energy for the artistry of cooking, if you buy most of your food in cans. No more cuts and stains, then, with which peeling marks your fingers. No more constant dipping in water which wrinkles your hands and makes them rough and red. No more grime and dirt to grind itself under and around your finger nails. Canned foods obviate everything that makes hands shout "kitchen work," and enable you to keep them soft and young.

Incidentally, too, while you are giving your hands this chance, you will also be giving your family delicious and healthful food. Canned foods are picked at the moment of prime ripeness, scientifically prepared and swiftly sealed into shining, clean containers with all their nutritious qualities intact.*

THIRD SUIT FILED AFTER AUTO CRASH

Suit for $2,761 for injuries received in a Palo Alto automobile accident last month were instituted yesterday in the superior court in San Jose, by B. J. Slinger and his son, Howard, 19, both of Menlo Park, against R. M. Olsson-Seffer.

Yesterday's action was the third within the past few weeks arising out of the same accident. In other actions Franklin Russell is asking $5,175 and Miss Deal $15,400 for injuries received in the accident.

Young Slinger alleges the car he was driving out of a driveway at 1435 Alma street, Palo Alto, June 21 was struck by another car driven by Olsson-Seffer, inflicting serious facial lacerations. He is asking $2500 for his injuries, and his father $261 for medical attention for the youth and damage to his car.

From all indications Menlo Park will poll o large vote for John W. Poole for supervisor on August 30. He is a man that can be depended upon and has always looked out for the interests of this district.

Mr. and Mrs. H. H. Bearce are spending a vacation period at Santa Cruz.

Junde Jean B. Hoss is slowly recovering from the injuries to his hand received some time ago.

AUXILIARY PLANS FOR HORSE SHOW LUNCHEON

In connection with the San Mateo County National Horse Show August 13 to 20 at the Menlo Circus Club, the Palo Alto branch of the Junior Auxiliary to the Stanford Convalescent Home will give a benefit luncheon on the closing day. Mrs. Cachot Davis is in charge of the plans.

The auxiliary is losing two of its active members this summer—Mrs. Charles H. Parks and Mrs. E. A. Hammesfahr. Mr. and Mrs. Hammefsahr left today for New York City, where they will remain and Mr. and Mrs. Parks will remove to Santa Rosa about August 1. Mr. Parks was formerly connected with the local bank.
